

SOCIETY

An event which promises to be popular with all is the sailors' yarn-spinning which the Kunalu Rowing Club is planning for November 17. The story of an actual shipwreck, as told by Captain Josselyn of the bark Nuuanu, will be the feature of the evening's entertainment, but the musical numbers will be no less enjoyable. It is a recognized pleasure to hear Mr. Hugo Herzer, and many will welcome this opportunity of hearing Mrs. Daniel Shephardson, a pianist of rare merit. The proceeds of this novel entertainment will go to swell the building fund of the club; and it is rumored that these enthusiastic young women intend erecting an attractive club house before long.

The invitations will be out by Tuesday, and members of the lodge and visiting Elks are requested to send in their lists as soon as possible. The committee will furnish the knots of purple and white ribbon at the door which are to be worn by all Elks. The "Elks' Eleven o'clock Toast" will be a very pretty and striking effect.

A SILLY SAYING.

"It is a common but silly opinion prevailing among a certain class of people that the worse a remedy tastes, smells or hurts, the more efficacious it is." So says a well-known English physician. He further adds: "For example, let us consider cod liver oil. As it is extracted from the fish this oil is so offensive to the taste and smell that many cannot use it at all, no matter how badly they need it. Yet cod liver oil is one of the most valuable drugs in the world and it is the greatest pity that we have not thus far been able to free it from those peculiarities which so seriously interfere with its usefulness." This was written years ago; the work of civilizing and redeeming it has since been triumphantly accomplished; and as a leading ingredient in the remedy called

WAMPOLE'S PREPARATION the oil retains all its wonderful curative properties with no bad smell or taste whatever. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and Extracts of Malt and Wild Cherry; creating a medicine of unequalled power for the diseases most prevalent and fatal among men, women and children. There is no other remedy to compare with it. It increases the digestive power of the stomach and in Blood Impurities, Throat and Lung Troubles, Nervous Dyspepsia and Scrofulous Affections, it gives quick and certain relief and cure. Dr. G. C. Shannon, of Canada, says: "I shall continue its use with, I am sure, great advantage to my patients and satisfaction to myself." Has all the virtues of cod liver oil; none of its faults. You may trust it fully; it cannot disappoint you. At all chemists.

COMING ART LOAN

EXHIBITION HERE

Honolulu has a good name for generous giving, but large philanthropies are seldom overstocked with funds, and it often becomes necessary to jog the memory even of the generous in their behalf.

The Free Kindergarten and Children's Aid Association is suffering financial depression and has decided upon giving an art loan exhibition, choosing to earn necessary funds rather than solicit from friends.

This exhibition will be well worth while from an educational point of view. There are many beautiful and curious things in our city which are seen only by a few. We propose to give the public a rare opportunity to enjoy beautiful works of art and relics of much interest.

The art exhibit will be in three divisions. Mrs. L. McCandless, chairman of the Ways and Means Committee, will have charge of the American department, which includes all America (North and South), with Hawaii, the Philippines and Porto Rico. Mrs. F. M. Swanzey, who has been the faithful and efficient treasurer of the association for years, will have charge of the European department, while Miss Frances Lawrence, the superintendent of all the kindergartens, will have the Oriental department—a position for which her late trip to Japan makes her especially well fitted. These ladies will be ably assisted by committees, whose names will be published at an early date.

Mrs. Mays will have charge of refreshments, assisted by Miss Tracy and a large and efficient committee. They will serve a supper on the first day and a lunch on the second day.

Mrs. Cooper has charge of entertainments and is preparing, with her helpers, some attractive side shows. The exhibition will open at two o'clock on the afternoon of November 23 and continue through Friday, the 24th.

Any friends who have articles of interest and beauty which they are willing to lend will kindly notify the chairman of the different departments, who will send their committees out to make the selections. Every effort to safeguard the articles loaned will be made. They will be carefully labeled, insured and watched. The list of articles desired will include pictures, statuary, characteristic furniture, bric-a-brac, lace, jewelry, curiosities, relics, draperies and all the paraphernalia usually found in loan exhibitions.

Nothing will be sold except refreshments. An admission fee of seventy-five cents will be charged, and the only extras will be Mrs. Cooper's department and the edibles.

We feel sure that a most enjoyable and instructive exhibition can be given and one which will make people feel glad they have seen it. Our possibilities are much greater than they were more than twenty years ago, when we gave an art loan exhibition which interested the public for a whole week and filled the coffers of the public library with a generous fund.

In the churchyard of Woolwich, Kent England, is the epitaph: "Sacred to the memory of Major James Brush, Royal Artillery, who was killed by the accidental discharge of a pistol by his orderly 14th April, 1831. Well done, good and faithful servant."

A Ladies' Hosiery Talk

Have not all your similar priced hose appeared, when new, of about the same quality?

They probably have, or you would have purchased only the better appearing ones.

But! Have they all stood the test of wear equally well?

Have you not had some far out-wear the others? Can you not say, "At such a time and place, I bought certain hose, and Goodness Gracious! how they have worn. Better than any I ever had before!"

You will say the same about our new lines. They certainly are the best that can be sold for the prices asked—material, shape and dye considered.

Call for any of the following 50c hose and let the resulting wear speak for their value:

No. 206, Mercerized Lisle in Black, look like silk.

No. 214, Plain Black Lisle, with cotton sole.

No. 210, Plain Black Lisle, medium weight.

No. 212, Plain Black Gauze Lisle, very light.

Nos. 240-1, Plain White Lisle, medium weight.

Nos. 240-2, White Lisle, with lace boot.

Nos. 242-1, Tan Lisle Lace.

Nos. 242-2, Plain Tan Lisle.
